Hello to all of my referring physicians and providers!

Thank you for trusting me with the privilege of caring for your pediatric patients. I have sought to provide excellent care at my Windy Hill office for 20 years. **Effective Friday, December 31, 2021, I will RETIRE and close my Atlanta Kids ENT practice which merged in 2015 with an exceptionally talented group of physicians at ENT of Georgia North.**

My office phone number 770-953-1414 will remain live after I retire, and you will have the opportunity to continue to have access to outstanding care for your patients. I personally know many excellent ENT physicians in the Atlanta area, including my 20 trusted otolaryngologist partners in ENT of Georgia who work out of 15 locations.

My patients have been informed that their complete medical record and allergy immunotherapy records are available upon request and will be useful as they transition a new ENT surgeon.

In case you are wondering, I have no health issues or “physician burnout” driving my decision to retire. I have thoroughly enjoyed my surgery practice over the years, and would do it all over again if given the chance. I look forward to spending more time with my husband of 33 years while we explore a variety of travel opportunities.

Thank you for your support and loyalty through the years.

Sincerely,

Deborah Burton, MD  
“DrB”
